

## Listening test advice:

- Make sure you understand how to respond to 'completion' type questions.
- You will have enough time to read the questions first before listening to the audio, each recording will be played only once.
- Write your answers on the question paper provided while you listen. When the test ends, you will be given 10 minutes to transfer your answers onto the answer sheet in pencil. Your answers may be written in either capital letters or lower case.
- It is vital that you input your answers to the answer sheet. Anything that you write on your question paper will not be marked.
